PLUSZAP ECO

PLUS+ZAP^{eco}

Designed to offer a low energy solution for commercial environments without compromising on contemporary styling, the PlusZapEco range is available as an economical 20W specification with a hygienic bright white finish or as a powerful 40W stainless steel unit.

As well as offering high specification features, including an innovative offset killing grid which offers a large, effective catch area and easier servicing, the range also uses 20W PlusZapEco UV tubes, which offer the end user a proven saving on running costs of up to 38% compared to traditional tubes.

FEATURES

PlusZapEco is proven to draw considerably less power, resulting in energy saving each year compared to standard fluorescent UV tubes

Reduced servicing time and cost over the whole life of the product, plus fewer components to dispose of

Cardboard packaging and protective casing has smaller environmental impact

Modern detailing makes the unit ideal for customer-facing areas

Robust stainless steel 40W unit or white painted mild steel 20W unit

The innovative offset killing grid makes servicing simple

Mains interlocked catch tray is simple to remove for quick and safe maintenance, with anti-blow out folds

Tool free tube removal for a quick and simple service

Flexible mounting options for wall, desk or ceiling suspension

Independently tested and certified to RoHS and all relevant European standards
